Subject: Performance report of using LCC by the farmers

To: business@nitrogenparameters.com

PERFORMANCE REPORT OF FARMERS USING LEAF COLOUR CHART (LCC)

1. The using LCC it is observed from most of the farmers that there will be most crop with less cost.
2. The occurrence of diseases is very less.
3. Most farmers say it is a pontatial savings in urea i.e 34 kg nitrogen per ha. Is reduced. Ultimately farmers benefit Rs. 4600/- per Ha.
4. It is observed by farmers there is reduction in green house gas.

Hence the use of LCC by the farmers of Khordha district is truly beneficial.
