To

M/s Nitrogen Parameters

Adambakkam, Chennai

A team of five scientists from Central Rice Research Institute provided the training on "Nitrogen management in rice using leaf colour chart" to officers of department of agriculture, Odisha. The training was held in officer's training institute (IMAGE) in Bhubaneswar on 26th and 27th July, 2013. First a lecture session was held in which different aspect of Nitrogen management was discussed and later practical demonstration was done for using the CLCC (developed by CRRI, Cuttack) for nitrogen management in rice. This training was done as per the request from M/s Nitrogen Parameters, Adambakkam, Chennai, who are the manufactures of CLCC.

The names of scientists, who provided the training, are given below.

Dr. A.K. Nayak, Principal Scientist

Dr. P. Bhattacharyya, Senior Scientist

Dr. Rahul Tripathi, Scientist

Dr. Mohammad Shahid, Scientist

Dr. B.Lal, Scientist

(A.K. Nayak)

Principal Scientist

CRRI, Cuttack
